No deficiency shall be created, nor shall any warrants be issued, nor any obligations be incurred in excess of the amounts herein appropriated;

Provided, that the Governor, in case of any extraordinary emergency, may authorize a deficiency for such purpose or purposes which could not have been anticipated or provided for by the Legislature. This provision shall apply to all State institutions and departments.

All money appropriated by this act shall remain in the State Treasury and be paid out only as it is expended or as the necessity or emergency may require.

Nothing in this act shall be held to repeal or impair the authority conferred by Chapter 46 of the Acts of the Twenty-fifth Legislature, Regular Session, on pages 46 and 47 thereof, providing for the creation of deficiencies, and authorizing the Governor to act in cases of emergency. And it is further provided, that it shall be unlawful for the head of any department of this State, for the support of which any money is appropriated by this act, to approve any claim, or for the Comptroller of this State to draw any warrant, for the payment of any claim for money appropriated by this act, or for the Treasurer of this State to pay any money appropriated by this act, for services performed after this act takes effect to any person employed in any of the departments of the State government who may be related within the third degree of consanguinity or affinity to the head of the department who has the power in whole or in part to make such appointment, and any person violating this provision of this act, upon con-

Said board shall have general supervisory control over such improvements jointly and in connection with said architect, one-fourth to be paid when the work begins and the material is on the ground, and the other three-fourths to be paid as the judgment of said board may deem proper; provided, the Comptroller shall not issue any warrants except upon an itemized statement, sworn to by the contractor and approved by said board and architect as a voucher for same, which shall be filed with the Comptroller. And it is expressly provided, that where a new building and equipment or additions to old buildings are provided for in this act, the same shall be completed in all their parts, and no plans and specifications shall be accepted by the board of any institution that will involve a greater outlay of money to fully complete any building and all equipments and appurtenances thereto than the several amounts herein appropriated for that purpose. And provided further, that all architects employed as herein provided for shall execute and deliver to the board of managers of the State institution for which improvements and repairs are to be made a good and sufficient bond, payable to the Governor of the State, in such amount as such board of managers may require, conditioned that such architect shall be liable and bound to pay the State of Texas all such damages as it may sustain by reason of defective plans and specifications or for any wilfull failure or negligent performance of duty.
